Counseling Center - Previously Released:

Seniors who have been admitted to the University of Iowa, and who would like to learn more about their next steps to becoming a Hawkeye, are invited to attend the *Next Steps Iowa* event in Des Moines on Thursday, February 8th from 7:00-9:00pm at the Iowa Events Center. Stop by the Counseling Office for information on how to register for this event.

Check the bulletin board outside of the counseling center for job postings. We are starting to receive summer job opportunities.

College Spotlight:

Want to learn about different colleges? Check out the College Spotlight bulletin board located next to the counseling center. The counseling staff will be featuring dozens of colleges throughout the school year.

The new college spotlight is on Northwest Missouri State University. Northwest Missouri State University is a state university located in Maryville, Missouri. Founded in 1905 as a teachers college, it offers both undergraduate and graduate programs. Northwest offers 127 undergraduate programs and 40 graduate programs. The business, education, geography and agriculture departments graduate the largest number of students each year.

Northwest currently has around 7,000 students. This size of campus offers great opportunities for students to succeed socially, as well as academically. With a student to teacher ratio of 20 to 1, you never feel like a number and receive personalized attention from faculty. Northwest is a true advocate of profession-based experience. For instance, in our Horace Mann Lab School students majoring in education get a true inside view of what teaching is all about. Northwest offers several other opportunities for profession-based experiences including internships, the University farm for agriculture majors, on-campus radio and television stations and volunteer work. Go Bearcats.

Humanitarian Cord Hours Opportunities:

*(Be sure to get your form filled out and hours approved before you volunteer. Completed hours are to be turned in to the Counseling Center within 30 **days** of completing the task(s).*
